## **FPV-POWER PRODUCT OFFER 2019**

*Updated 26/11/2019*

FPV-POWER is a Victorian based Company who develop Lithium ion batteries and associated products specifically for the kayak fishing market.

At Kayak Central Coast we support this range as one of our key products.

There are three product categories:

- **Electric motor supply** based on the 12V 50 AH Lithium cell in conjunction with the Pulse Width Modulation (PWM) unit providing a lightweight, high integrity solution to the task of fitting electric outboard power to kayaks.
- **Kayak electronics supply** with a range of plug and play 12V batteries with high integrity connectors in a “plug and play” format to provide a complete solution for kayak electronics.
- **Kayak security alarm.** A locking system with incorporated audio alarm. Complete with remote control.

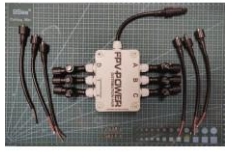

This catalogue has been compiled by Kayak Central Coast to enable our clients to scope out a highly technical product range relatively easily.

For further information and detailed data sheets on the product, you can visit our site at [www.kayakcentralcoast.com.au](http://www.kayakcentralcoast.com.au) or go directly to FPV-POWER at [www.fpv-power.com.au](http://www.fpv-power.com.au)

## Electric motor supply

Product	KCC-SKU	Price (Incl. GST)	Application	Photo
12V 50AH Kayak battery and charger combo	BA 0003	\$599.00	Kayak motor power.	
12V 100AH Kayak battery and charger combo	BA 0003A	\$1,120.00	Kayak motor power.	
Battery extension lead	BA 00029	\$22.00	Battery extension with Anderson plug one end and 2 x FPV-WC waterproof connectors the other. Length = 1.2 Metres.	
Waterproof connectors pair	BA 00030	\$10.00	Pair FPV-WC waterproof connectors rated to 60A.	
Motor PWM 50A (V2)	BA 0028	\$170.00	Our new PWM comes with a forward/reverse switch to make getting in and out of tight spaces a whole heap easier, voltmeter so you can keep an eye on your battery levels and waterproof connections instead of Anderson plugs. It also features our standard magnetic kill switch and throttle control on a dial.	

## Kayak electronics supply

Product	KCC-SKU	Price (Incl. GST)	Application	Photo
12V 17.5 AH + Charger	BA 0001	\$229.00	Kayak accessories power.	
12V 7.5 AH + Charger	BA 0002	\$129.00	Kayak accessories power.	
12V 1.5A Regulator	BA 0004	\$25.00	Inserts between battery and fish finder to maintain 12V to fish finder when battery operates down to 7.5V.	
12V 5A Regulator	BA 0005	\$39.00	Inserts between battery and fish finder to maintain 12V to fish finder when battery operates down to 7.5V.	
Distribution Hub	BA 0006	\$39.00	Distribution of power to multiple items. 4 ports can be switched by remote control and 2 ports are always on.	
Remote for Distribution hub	BA 0007	\$14.80	Spare remote for Distribution Hub.	

Product	KCC-SKU	Price (Incl. GST)	Application	Photo
Pigtail (Male)	BA 0008	\$8.00	The FPV-POWER Spare Pigtail is used to connect lights, fish finder and other electronics to our range of batteries.	
Battery lead (Female)	BA 0009	\$8.00	The FPV-POWER spare battery lead comes with a male waterproof jack to suit our batteries.	N/A
3A fused pigtail	BA 0010	\$18.00	The FPV-POWER 3A Fused Pigtail is designed to streamline your battery and sounder installation. The compact design is waterproof and simple to install via crimps or soldering. Comes complete with 2 x 3A fuses!	
Parallel pigtail	BA 0011	\$15.00	Used to join two batteries of the same size to double your capacity!	
Double pigtail	BA 0012	\$15.00	The FPV-POWER Double Pigtail is used to split power to two waterproof jacks.	
Switch pigtail	BA 0013	\$17.50	Pigtail with built in push button on/off switch. Switch rated for 3A max.	
0.6m Extension lead male/female	BA 0014	\$9.00	Extension lead with our male plug on one end and our female plug on the other.	
1.2m Extension lead male/female	BA 0015	\$14.00	Extension lead with our male plug on one end and our female plug on the other...	
1.8m Extension lead male/female	BA 0016	\$17.00	Extension lead with our male plug on one end and our female plug on the other...	

Product	KCC-SKU	Price (Incl. GST)	Application	Photo
Switch pigtail w/female	BA 0017	\$18.50	Pigtail with built in push button on/off switch and male and female waterproof jack on each end. Switch rated for 3A max.	
Pigtail (male) cap	BA 0018	\$2.50	Keep your battery terminals clean and dry when not in use with the FPV-POWER Battery Cap.	
Battery (female) cap	BA 0019	\$2.50	Keep your battery terminals clean and dry when not in use with the FPV-POWER Battery Cap.	
12V cigarette lighter adaptor	BA 0020	\$15.00	This cigarette lighter adapter allows our batteries to power most 12V camping accessories. Handy for powering lights, pumps, chargers etc!	
5V 2A Dual USB charger	BA 0021	\$28.00	The FPV-POWER 5V 2A Dual USB Port Charger comes with plenty of lead for ease of installation and access. It is compatible with our whole range of batteries. This charger is suitable for keeping your phones, cameras, and other USB powered electronics charged up during long days out on the water!	
12V 2A Wall charger	BA 0022	\$22.00		
FPV Power car charger 1A	BA 0023	\$14.00	The FPV-POWER 1A Car Charger is great for charging off the cigarette lighter in the car or off a 12V auxiliary battery pack.	
12V 5A Charger	BA 0024	\$32.00		

Product	KCC-SKU	Price (Incl. GST)	Application	Photo
Pro Charger	BA 0025	\$75.00	The Pro Charger is an all in one charger that can charge all types of batteries including Lithium and Lead Acid. It can be powered from a 240V or a 12 V power source which makes it great for camping or extended fishing trips. This charger is able to charge up to 6A per hour (make sure that the battery can handle it) and will monitor the battery throughout the charging process and will trickle charge towards the end and automatically cut off once completed. The onscreen display will tell you exactly how many milliamps you have put back into the battery as well as voltage, time and current rate of charge.	
10A Lithium Ion Solar Charge Controller	BA 0026	\$35.00	Perfect for charging any of our lithium ion batteries via solar! Can be paired up to a maximum panel size of 170W.	

## Kayak security alarm

Product	KCC-SKU	Price (Incl. GST)	Application	Photo
Kayak alarm lock w/ remote control	BA 0027	\$79.00	Our FPV-POWER Kayak Alarm Lock works as a first line of defence in preventing the theft of your kayak. This keyless lock utilises a pin code and remote to lock/unlock and arm/disarm. Once armed, any movement/vibration will set off a 110 decibel siren to alert you and hopefully scare away whoever is not supposed to be touching your gear. The lock works on the element of surprise and is not to be 100% relied on to secure/lock down your gear as a bolt cutter will easily cut through the wire.
